Indiana State Medical Association Webinar on Surprise Billing: Patient Protection Etched into Law - December 17, 2021

In this just-in-time CME webinar, experienced health care attorneys from Krieg DeVault, LLP, will discuss the requirements put in place by the federal No Surprises Act when it takes effect on Jan. 1, 2022. This legislation, which protects patients from unexpected medical costs, will require health care providers to post notices of patient rights, issue good-faith estimates of charges and obtain patient consent for certain out-of-network costs. This presentation focuses on provider operations and will cover the essential forms and new provisions that health care providers must understand.

Speakers: **Brandon W. Shirley** & **Grant M. Achenbach**
