f: 317-636-1507

David Holt is a Senior Advisor at the firm, providing strategic guidance on economic development, government affairs, and infrastructure planning. With extensive experience in both the public and private sectors, he assists clients in navigating regulatory, policy, and development challenges.

David has held leadership roles in economic and industrial development, logistics, and public policy, where he has led statewide initiatives, advised on infrastructure projects, and worked closely with government agencies and stakeholders. His background also includes experience in legislative affairs at the state, federal, and local levels, giving him a deep understanding of regulatory processes and business policy.

David's broad expertise allows him to offer practical, solution-driven counsel to businesses, government entities, and organizations seeking to advance their strategic objectives.
