p: 317-238-6290

f: 317-636-1507

Genta Spaho Vazquez is an eDiscovery expert with extensive experience in designing, implementing, and directing operations and managed services initiatives that drive revenue, enhance compliance, and strengthen client relations. She brings her specialized experience to Krieg DeVault by way of Krieg's relationship with Frontline, with whom the firm has aligned itself to form a partnership to provide world class eDiscovery support, education, and business process evaluation. She is responsible for leading and directing the delivery of client engagements and associated outputs, supporting her team in day-to-day project management, and developing high-quality deliverables. As a trusted advisor, Ms. Spaho Vazquez partners with each client to understand their goals and provide tailored innovative solutions. Her focus includes business process improvement, project planning, budget management, and goal setting.

Recognized as a thought leader in litigation support services, Ms. Spaho Vazquez formulates impactful new ideas and innovative strategies to provide the most cutting-edge solutions for clients. Throughout her career, she has spearheaded a wide variety of high-value initiatives, including end-to-end eDiscovery management, eDiscovery workflow design and implementation, case law and case management, ESI processing and compliance, and data management and reporting. A champion of Frontline's big picture approach, Ms. Spaho Vazquez regularly conducts research and development to spot industry trends in innovation and monitors client responses to new ideas.
